OUR APPROACH

We promise to deliver clarity to our clients. What does that mean in practice?

It means that any advice that we give will be easy to understand and useful. It will be clear and will, where relevant, include recommended options on how to proceed. In short, our advice will be user-friendly.

It means that we will be clear and transparent with you about our legal fees. We will always try to agree fixed fees with clients up front wherever possible rather than relying on hourly rates. We guarantee that if a client receives a bill that they weren't expecting, they don't have to pay it.
